Career Objective

Computer Science student with hands-on experience in full-stack web development using React, Node.js and MongoDB. Comfortable building REST APIs, working with databases, and learning new tools quickly. Looking for a Software Developer Intern role where I can apply my skills, learn from the team, and contribute to real projects.

Technical Skills

Languages: Python, Java, C, SQL
Web Development: React.js, Node.js, Express.js, REST APIs, basic web development in Java
Databases: MongoDB, SQL
Cloud & Tools: AWS, Git, GitHub, Postman

Internship Experience

MERN Stack Developer Intern

Aug 2025

Bharat Skillz

- Built and deployed full-stack web apps using React.js, Node.js, Express.js and MongoDB.
- Connected frontend with backend REST APIs and worked with real data.
- Fixed bugs and improved app speed and user experience.

Full Stack Development Intern (MERN)

Jul 2025

SmartBridge + APSCHE

- Built full-stack applications with React.js on the frontend and Node.js on the backend.
- Worked with REST APIs and databases in real project scenarios.
- Learned how to work well in a team using modern web development workflows.

Salesforce Developer Intern

May – Jul 2025

SmartBridge (Virtual)

- Learned Salesforce basics like data management, security and process automation.
- Completed Apex Specialist and Object Relationships badges.
- Practiced building simple workflow automations on the Salesforce platform.

Projects

IoT-Based Smart Accident Prevention System

Raspberry Pi, IoT, Sensors, GPS, ThingSpeak

- Built a smart vehicle safety system using Raspberry Pi and multiple sensors.
- Used ultrasonic and IR sensors for obstacle detection and lane monitoring.
- Sent emergency alerts with live GPS location to the ThingSpeak IoT platform.

Service Agent Automation

n8n, Workflow Automation, APIs, Webhooks

- Built automated workflows to notify and coordinate service agents.
- Used n8n triggers and API/webhook integrations to connect different services.
- Reduced manual work by automating alerts and response handling.

Certifications

- AWS Certified Cloud Practitioner
- Python Essentials 1 & 2 – Cisco Networking Academy
- Introduction to Modern AI – Cisco Networking Academy
- AI Associate – Salesforce

Achievements

- Secured First Prize for Automated Service Agents at Code Crown AI Hackathon.
- Won Second Prize in a Web Development Hackathon using the MERN Stack.
